Melody,

I still haven't seen a 213 yet, so I will check again. For now, plan on a full day for tomorrow and likely Sunday. I will send confirmation as soon as I get mine. You gave me his email address, so I will cc him on that email as well. In the interim, you may want to call him as a heads up.

Thanks,

Derek

They didn't give me a maximum number for last weekend or this weekend. Althea just said they wanted me here again, so I'm thinking 2 full days with 16 hrs max. She nor Monica mentioned half days at all. I am going to leave here at 4 today, if they don't need me, to be with family in town. That will reduce the total for this week a couple of hours. What should I tell Serrano?

Melody,

Haven't seen anything from the REOC yet. Have you been given a number? If not, I will authorize a full day for both days. Please let me know.

Thanks,

Derek

I updated Al Serrano on the weekend work. He mentioned that he needs to know the number of extended work week hours that you authorized for me to work. Could you forward to him or cc him on documents sent to GSA regarding the hours? Or is there another way for him to get the official info?

Thank you!

Melody

Melody,

I have just received a request, with 213RR to follow, for you to support the REOC again this weekend. Please contact Althea Foster to determine specific tasks, i.e., what they need maps/graphs of, and provide as required. Please send me a log of hours you work as well as hours you worked last weekend (last week's first please). Let me know if you have any questions regarding this.

Thanks,

Derek
